PROFESSIONAL SUMMARY

Senior Machine Learning Engineer with 13+ years of experience building and shipping production systems. Built an end-to-end training pipeline on AWS SageMaker with MLflow experiment tracking, cutting model iteration time from 5 days to 8 hours. Comfortable owning problems end to end and working directly with product stakeholders.

TECHNICAL SKILLS

Languages: Python, SQL, C++
ML: PyTorch, TensorFlow, scikit-learn, XGBoost, deep learning, model evaluation
Platform: AWS SageMaker, Docker, Kubernetes, MLflow, Airflow
Data: Pandas, NumPy, Spark, feature engineering

WORK EXPERIENCE

Senior Machine Learning Engineer - CRED Technologies
Oct 2022 - Present | Bengaluru
- Built an end-to-end training pipeline on AWS SageMaker with MLflow experiment tracking, cutting model iteration time from 5 days to 8 hours.
- Owned model monitoring and automated drift detection, triggering scheduled retraining through Airflow DAGs.
- Trained and deployed deep learning ranking models in PyTorch that lifted click-through rate by 14% across 40M monthly sessions.

Machine Learning Engineer - Zeta Suite
Nov 2018 - Dec 2022 | Hyderabad
- Trained and deployed deep learning ranking models in PyTorch that lifted click-through rate by 14% across 40M monthly sessions.
- Optimised inference latency from 240 ms to 38 ms by exporting models to ONNX and batching requests behind a FastAPI service on Kubernetes.

Junior Machine Learning Engineer - Nagarro Software
Apr 2013 - Mar 2018 | Hyderabad
- Designed an offline/online feature store on Spark that eliminated training-serving skew for 60+ production features.

PROJECTS

- Churn prediction platform - gradient boosting ensemble on 12M customer records, 0.87 AUC, served via a real-time REST API.
- Demand forecasting - temporal fusion transformer for 3,000 SKUs, reduced forecast error (MAPE) from 18% to 11%.

EDUCATION

B.Tech in Computer Science
Birla Institute of Technology, 2013

CERTIFICATIONS

- AWS Certified Machine Learning - Specialty
- Deep Learning Specialization (Coursera)
