Diya Patel
Machine Learning Engineer | Jaipur, India | diya.patel69@gmail.com | +91 82403 20328

PROFESSIONAL SUMMARY

Machine Learning Engineer with 7+ years of experience building and shipping production systems. Optimised inference latency from 240 ms to 38 ms by exporting models to ONNX and batching requests behind a FastAPI service on Kubernetes. Comfortable owning problems end to end and working directly with product stakeholders.

TECHNICAL SKILLS

Languages: Python, SQL, C++
ML: PyTorch, TensorFlow, scikit-learn, XGBoost, deep learning, model evaluation
Platform: AWS SageMaker, Docker, Kubernetes, MLflow, Airflow
Data: Pandas, NumPy, Spark, feature engineering

EXPERIENCE

Lead Machine Learning Engineer - Tata Consultancy Services
Feb 2024 - Present | Mumbai
- Optimised inference latency from 240 ms to 38 ms by exporting models to ONNX and batching requests behind a FastAPI service on Kubernetes.
- Owned model monitoring and automated drift detection, triggering scheduled retraining through Airflow DAGs.
- Mentored three junior engineers on experiment design, code review and reproducible machine learning practice.

Machine Learning Engineer - Razorpay
May 2021 - Mar 2024 | Chennai
- Mentored three junior engineers on experiment design, code review and reproducible machine learning practice.
- Trained and deployed deep learning ranking models in PyTorch that lifted click-through rate by 14% across 40M monthly sessions.

Junior Machine Learning Engineer - CRED Technologies
Mar 2019 - Dec 2021 | Chennai
- Built an end-to-end training pipeline on AWS SageMaker with MLflow experiment tracking, cutting model iteration time from 5 days to 8 hours.

EDUCATION

B.Tech in Computer Science
IIIT Hyderabad Institute, 2018

PROJECTS

- Churn prediction platform - gradient boosting ensemble on 12M customer records, 0.87 AUC, served via a real-time REST API.
- Demand forecasting - temporal fusion transformer for 3,000 SKUs, reduced forecast error (MAPE) from 18% to 11%.

CERTIFICATIONS

- AWS Certified Machine Learning - Specialty
- Deep Learning Specialization (Coursera)
